MASTER’S-LEVEL GRADUATE FELLOWSHIP in Aquaponics Education
Starting Fall, 2018 or Spring, 2019

The Warnell School of Forestry and Natural Resources and the Department of Agricultural Leadership, Education, and Communication solicit applications for a **2-year Master’s-level graduate fellowship with a stipend of $18,500 (salary and benefits)**. This equates to approximately 16 hours of fellowship responsibilities per week.

- **Project Responsibilities:**
  - Evaluate the status of aquaponics use in the Georgia K-12 system and through Georgia Cooperative Extension
  - Identify keys to success and failure with aquaponics among educators
  - Design and develop an interdisciplinary pilot support program to address needs of educators in Georgia
  - Develop and share program resources through an interactive pilot website
  - Communicate results of the support program and website through presentations and peer-reviewed outlets

- **Desired Skills:**
  - Familiarity with needs assessment techniques (including questionnaire development)
  - Familiarity with creating short educational videos and handouts for sharing on the web
  - Familiarity with using SPSS to analyze quantitative data is a plus!

**How to Apply**

Please submit (1) an updated Resume/CV, (2) the contact information for three professional references, and (3) a one-page cover letter addressing how your education and skills match those requested in this position announcement electronically to:

Dr. Nick Fuhrman, Associate Professor
